

Procedures & supports checklist

Each place has its processes, but many supports are alike. This guide helps you know where to start.

Support	Usually helps with	Usually handled at
Disability certificate	Access supports and adjustments	Public health or local authority
Educational assessment report	Request school accommodations	School or credentialed professional
Grants or financial aid	Therapies, materials or transport	Social or educational programs
Legal guidance	Clarify questions about rights	Associations or legal services

- 1 Gather basic documents: ID, reports and assessments.
- 2 Ask for up-to-date requirements before going; it saves trips.
- 3 Keep copies of everything you submit and receive.
- 4 Lean on local associations: they know the way and support you.

Not legal advice. This section is informational and supportive. For your specific case, seek professional guidance locally.
